## MAXIMIZE YOUR STRATEGY

### MATCHING CONTRIBUTIONS

Matching contributions may be subject to plan vesting requirements. Make sure to defer enough to take full advantage of the match. Refer to *Plan Highlights* to find the plan's matching contribution details.

### CONTRIBUTION RATE

Increasing your contribution rate into a retirement plan may improve your overall retirement outlook and help to keep up with the average rate of inflation. Even a 1% or 2% contribution boost to your account can make a big difference over time.

Your plan provides the option to activate auto-increase, a recurring service that automatically adjusts your contribution rate annually in the month that you choose. If you would like to enable this service, log in to your account, select **VIEW DETAILS**, hover over **Contributions** and click **View or Update Contributions** in the drop-down menu.

### CONSIDER YOUR OPTIONS

If you have money in a former employer's retirement plan, there are several options available that may simplify your financial life. These include cashing out, keeping the money where it is, or rolling the funds into an IRA or your employer plan with Transamerica. For more information about your options, call **800-275-8714** or email **consolidate@transamerica.com**.

When considering your options, be sure to review the fees and expenses associated with each option. Also, be sure to consider whether there are certain services, features, or benefits available through certain accounts that may be important to you.

*Employer-sponsored retirement plans may have features that you may find beneficial such as access to institutional funds, fiduciary selected investments, and other ERISA protections not by afforded other investors. In deciding whether to do a rollover from a retirement plan, be sure to consider whether the asset transfer changes any features or benefits that may be important to you. Review the fees and expenses you pay, including any charges associated with transferring your account, to see if rolling over into an IRA or consolidating your accounts could help reduce your costs.*

# PLAN HIGHLIGHTS FOR THE UNITED TALENT AGENCY, LLC 401(K) PLAN

---

These plan highlights represent an overview of your plan's provisions. For full details, please check with your plan administrator and/or refer to your Summary Plan Description.

## YOUR CONTRIBUTIONS

**Note:** You may not participate in the plan if you are:

- Interns
- Independent Contractors
- Covered under a collective bargaining agreement that does not provide for participation in the plan
- A Leased Employee
- Employed by a member of the employer's controlled group that does not adopt the plan

## EMPLOYEE DEFERRALS

### ROTH 401(K)

#### ELIGIBILITY

##### General Eligibility

- All employees except any stated exclusions.

You are immediately eligible to join the plan.

##### Alternate Eligibility Groups

- A Part-Time, Temporary or Seasonal Employee

Service: One year.

##### Entry Date

Your entry date is the first day of the next payroll period.

To complete a year of service, you must have worked at least 1000 hours of service during an eligibility period or, alternately, at least 500 hours of service in two consecutive eligibility periods. The first eligibility period is the 12-month period beginning on your date of hire. Subsequent eligibility periods are based on the Plan Year.

## **AUTOMATIC ENROLLMENT**

Once you're eligible, **unless you specifically opt out of participating in the Plan or make an affirmative election, you will automatically be enrolled and contributions will be deducted from your pay** (before taxes) at a rate of 4%. Your contributions will be allocated to the plan's "default" investment option. This will start as soon as administratively feasible after your plan entry date or 60 days after your date of hire, (or if you were rehired, 60 days after your rehire date), whichever is later.

## **CONTRIBUTION LIMITS**

Your traditional contributions are deducted from your paycheck before taxes each pay period. Your Roth contributions are deducted from your paycheck after taxes each pay period.

You can contribute up to 95% of your pay, subject to the maximum amount allowed under the Internal Revenue Service (IRS) limits.

## **UPDATING YOUR CONTRIBUTION RATE**

You may elect to increase, decrease, or stop your contributions at any time. Changes will go into effect as soon as administratively feasible.

You may invest for retirement with traditional before tax dollars, after tax Roth dollars, or a combination, up to the overall limits noted in the following section. In general, choosing which one depends on whether you think your income will be subject to a higher or lower effective tax rate when you withdraw your money in retirement.

You may elect to make separate one-time plan contributions from your bonus, up to 95%.

## **LEARN ABOUT ROTH CONTRIBUTIONS**

Roth allows you to make after tax contributions to your plan. In most cases, these contributions will not be subject to future federal income taxes on qualified distributions, regardless of your income level (provided that you hold the contributions for at least five years and do not withdraw assets until at least age 59½). To learn more about this option, log into your account at [transamerica.com/portal/uta](https://transamerica.com/portal/uta) and access the calculators under *Resources* in the Menu.

## **IRS CONTRIBUTION LIMITS**

The IRS limits how much you can contribute each year. The maximum amount you may contribute to your account is \$23,500 in 2025.

If you will be at least age 50 during 2025, you can make additional catch-up contributions of \$7,500 above the regular IRS annual limit for the year.

If you will be at least age 60 but not over age 63 during the calendar year, the catch-up contribution limit is increased to \$11,250.

The above limits include all types of contributions.

The IRS annually indexes these limits however, your employers' limits may differ and would supersede IRS limits.

## **VESTING**

Vesting refers to your "ownership" of your plan account — the portion to which you are entitled even if you leave the plan. You are always 100% vested in your own contributions, including any rollover contributions you have made to the account, plus any investment earnings.

# MATCHING CONTRIBUTIONS

## EMPLOYER MATCH

### ELIGIBILITY

Service: One year.

Your entry date is the first day of the next payroll period.

To complete a year of service, you must have worked 1000 hours of service during an eligibility period. The first eligibility period is the 12-month period beginning on your date of hire. Subsequent eligibility periods are based on the Plan Year.

### CONTRIBUTION AMOUNT

United Talent Agency, LLC may make a discretionary matching contribution on your behalf.

For example, in 2022, UTA matched 50% of contributions up to 4% of pay up to maximum compensation amount.

For example, the maximum IRS matching salary limit is \$330,000 in 2023. Therefore, the maximum UTA would match annually in 2023 would be  $\$330,000 \times 4\% \text{ of salary} \times 50\% \text{ match} = \$6,600$ .

### VESTING

You are always 100% vested in the Employer Match contributions.

# ADDITIONAL PLAN DETAILS

### EARLY WITHDRAWALS

Depending on circumstances and plan rules, you may be able to take withdrawals from the vested portion of your account while you are actively employed. For more information, please check with your Plan Administrator and/or refer to your Summary Plan Description.

**DISCLOSURES**

You should evaluate your ability to continue the auto-increase service in the event of a prolonged market decline, unexpected expenses, or an unforeseeable emergency.

# IT'S TIME TO CREATE YOUR INVESTMENT STRATEGY

---

Your retirement plan is one of the most effective ways to prepare for the future you deserve.

Many financial professionals recommend saving 10% to 15% of each paycheck to your retirement account. If that's not possible right now, start small and consider making small increases over time.

The way contributions are invested in your account is referred to as your "investment allocation." You may change your allocation at any time.

For detailed, up-to-date information on the investment options in your plan, including possible trading restrictions, please access your account at [transamerica.com/portal/uta](https://transamerica.com/portal/uta).

If you are automatically enrolled, you will be assigned to a "default" investment option for all contributions.

A Qualified Default Investment Alternative ("QDIA") has been chosen for you in accordance with section 404(c)(5) of ERISA and other legal regulations. Even though you did not make an affirmative investment election, the plan fiduciary is not liable for any losses that may result from investing your assets in the QDIA. This relief from liability applies whether or not the plan is intended to be a 404(c) plan. Unless you choose otherwise, your account will be invested in the QDIA, flexPATH Index Target Date Funds series, which is a group of single target date funds; based on your assumed retirement age of 65.

Here are some helpful concepts to consider as you examine your investment strategy: Asset allocation, diversification, time horizon and risk tolerance. For further details, please visit [Transamerica.com/financial-glossary](https://Transamerica.com/financial-glossary).

# HELP ME DO IT

## TARGET DATE FUNDS

Investing in a target date fund (TDF) can be a good option if you're seeking an easy way to diversify your retirement account. By making a single decision, a TDF allows you to enjoy asset diversification and allocation based on a target retirement year. The underlying investments in your chosen TDF become more conservative as you get closer to retirement.

Your plan's default investment alternative is a target date fund, you will be invested in the fund with a target date that is closest to the year in which you will turn 65, but you can choose a different investment option.

**Target Date Funds:** These options generally invest in a mix of stocks, bonds, cash equivalents, and potentially other asset classes, either directly or via underlying investments, and may be subject to all of the risks of these asset classes. The allocations become more conservative over time: the percentage of assets allocated to stocks will decrease while the percentage allocated to bonds will increase as the target date approaches. The higher the allocation is to stocks, the greater the risk. The principal value of the investment option is never guaranteed, including at and after the target date.

# DO IT YOURSELF

## BUILD YOUR OWN INVESTMENT MIX

Build your own investment mix by choosing from the "core" funds in your plan. Your plan offers a range of choices that enable you to diversify among various asset classes and investment styles. Prospectuses and fund information are available on your plan website.

Once you determine the investment mix that is right for you, your plan's auto-rebalance service can help you maintain your mix automatically. To configure your investment mix log into your account at [transamerica.com/portal/uta](https://transamerica.com/portal/uta), access the *Future Allocations* under *Investments* in the Menu.

## SCHWAB PERSONAL CHOICE RETIREMENT ACCOUNT® (PCRA)

Personal Choice Retirement Account (PCRA) is a self-directed brokerage account that lets you invest a portion of your plan account balance in certain investment options otherwise not available in your plan's line-up. \*Access your account at [transamerica.com/portal/uta](https://transamerica.com/portal/uta) for a PCRA brochure providing applicable minimum plan account balance amounts, fees, and additional details.

With PCRA, in addition to statutory restrictions on the types of investments, plan sponsors complete a Trading Menu Form for Schwab that identifies categories of investments in which they want to allow participants to invest.

Schwab Personal Choice Retirement Account® (PCRA) is not a fund, but rather a brokerage account maintained at Charles Schwab & Co., Inc. and self-directed by you the participant. Participants must individually apply for PCRA and are solely responsible for their fund selections made under the PCRA. Commissions and transaction fees may apply to fund trades placed outside of the Schwab Mutual Fund OneSource® program or trades on other investment vehicles available through Schwab. Securities purchased through the PCRA are available through Charles Schwab & Co. Inc., (Member SIPC). Charles Schwab & Co., Inc. is not affiliated with Transamerica.

Fund prospectuses and other information can also be accessed from *Investments* in the Menu.

## **This Notice Contains Important Information Regarding Your Participation In the ("Plan")**

However, you have the right to elect not to make contributions to the Plan, and you have the right to elect a different percentage (including zero) to be deducted from your eligible compensation. If you wish to make changes you can do so by going to [transamerica.com/portal/uta](https://transamerica.com/portal/uta). Your election will remain in effect until you change it.

You may elect to increase, decrease, or stop your contributions at any time. Changes will go into effect as soon as administratively feasible.

### **Your Salary Deferrals and Contribution Limits**

You have the right to make salary deferrals into the Plan.

You can contribute up to 95% of your pay, subject to the maximum amount allowed under the Internal Revenue Service (IRS) limits.

If you wish, you may designate some or all of your contributions as "Roth" after-tax. Roth after-tax and traditional pretax contributions offer different tax treatment. Roth contributions are subject to current federal income tax, however, any Roth related earnings will be tax-free for qualified distributions if you hold the account at least five years and are age 59 1/2 or over at the time you take a distribution.

The IRS annually indexes these limits however, your employers' limits may differ and would supersede IRS limits. Your account will be subject to federal income tax and state tax (check your own state's tax rules) only when funds are withdrawn.

In general, by providing you with this ability and a variety of investment choices, neither your plan sponsor nor Transamerica is liable for any losses that may occur as a direct result of investing in the available options as directed by you or your beneficiary.

## **Self Directed Brokerage Account Description (BrokerageSelect™)**

A BrokerageSelect™ account is a self-directed brokerage account that allows you to direct the investment of your account, in investment options other than those offered under the plan. By establishing a BrokerageSelect™ account, you assume responsibility for controlling your investments while maintaining an existing relationship with your personal broker. For more information on establishing and maintaining a BrokerageSelect™ account, please call Transamerica at 800-755-5801. New BrokerageSelect™ accounts are no longer allowed.

### **General Administrative Fees and Expenses**

#### **Plan Fees which may be paid directly by your employer or deducted from individual participant accounts include, but are not limited to:**

Fees charged by Transamerica for: 1) education materials and workshops; 2) base and per participant recordkeeping; and 3) the processing of outside assets, when applicable. Additionally when applicable, Transamerica charges hourly fees for administrative consulting, compliance consulting, and plan termination processing.

#### **Administrative Fee - Per Account**

The plan incurs annual general administrative fees for ongoing plan administrative services (e.g., recordkeeping) of \$63.00 per participant account (accrued monthly). An asset based fee equivalent to these administrative fees will be deducted from participant accounts based on the number of participant accounts at the end of each quarter. All of the revenue (e.g., 12b-1 fees, administrative fees) that Transamerica Retirement Solutions or its affiliates receive from the plan's investment options is credited back to your account on a monthly basis as a Plan Service Credit.

When applicable, general administrative fees other than the charge above, for administrative services (e.g., legal, accounting and auditing), may from time to time be deducted as a fixed dollar amount from your account. An annual general administrative fee of \$62,000 will be deducted as an asset based fee from participant accounts based on the number of participant accounts at the end of each quarter.

The actual amounts deducted from your account, as well as a description of the services to which the fees relate will be reported on your quarterly benefit statements.

### Administrative Fee - Pro Rata

When applicable, other general administrative fees for plan services (e.g., legal, accounting and auditing), may from time to time be deducted as a percentage of assets from some or all investment options held in your account.

The actual amounts deducted from your account, as well as a description of the services to which the fees relate will be reported on your quarterly benefit statements.

### Plan Service Credit

A Plan Service Credit represents an expense refund for one or more of the investment funds offered by your plan. When applicable, a plan service credit is added to your account and reduces the effective annual expense ratios of the investment fund(s) for which a Plan Service Credit applies. Any Plan Service Credit will be reported on your quarterly benefit statements.

### Individual Fees and Expenses (Applicable only to those using specific features or services)

- Generally, transaction fees are paid by participants.
- Plan fees may be paid by your employer or divided up among all participants.

Type of Service, Feature or Benefit (Processing Fee Name as seen on Quarterly Statement)	Fee	Frequency
Advice Services Fee	0.45%	Annual (accrued daily and deducted monthly)

Loan Maintenance Fee (for outstanding Loans)	\$6.25	Quarterly
Loan Set-up Fee (if Loans are permitted)	\$75	Per Distribution
Overnight Check Fee	\$50	Per Request
QDRO Fee	\$600	Per Account Separation
Returned Check - Insufficient Funds	\$50	Per Returned Check
Self-Directed Brokerage Account (Schwab Personal Choice Retirement Account)*	\$50	Annual
Terminations / Lump Sum Distribution**	\$25	Per Distribution

\*You may trade many funds with no loads and no transaction fees through Schwab's Mutual Fund OneSource® service. Certain funds in Schwab's Mutual Fund Marketplace are available with no transaction fees, but have 12b-1 fees in excess of .25% and therefore cannot be called "OneSource" funds. Commissions and transaction fees may apply to fund trades placed outside of Mutual Fund OneSource or trades on other investment vehicles available through Schwab. To learn about any fees associated with the purchase or sale of a particular investment before making a purchase or sell through your PCRA, access your account online at [www.schwab.com](http://www.schwab.com) or contact the Schwab PCRA Call Center at 888-393-PCRA(7272). Schwab fees will appear on your separate PCRA statement directly from Schwab.

\*\*Amount deducted from your account when you take a full distribution of funds due to termination of employment or you retire. The fee also applies to the final distribution of funds if the former participant's account has any unscheduled withdrawals, including moving funds to another service provider (a contract exchange). The fee is waived if the distribution is due to death, disability, the purchase of a Transamerica annuity, a direct rollover of monies to a Transamerica IRA or any distribution from a beneficiary's account.

## Investment Information

This information is provided to help you compare the investment options under your plan. You may obtain, free of charge, a paper copy of your fee disclosure notice and other investment information posted at [transamerica.com/portal/uta](http://transamerica.com/portal/uta), by contacting Transamerica at **800-755-5801** or by writing to Transamerica Retirement Solutions, 6400 C Street SW, Mail Drop 0001, Cedar Rapids, IA 52499, Attention: Fee Disclosure. The information available includes each investment option's issuer, objectives, goals, principal strategies, principal risks, holdings, turnover rate, value and updated performance and expense information; as well as a glossary of terms, information about calculating benefits, available distribution options and (where appropriate) prospectuses and annual reports.

The following table focuses on investment options that have variable rates of return, and shows fee and expense information, as well as investment performance for each investment option and that of the appropriate benchmark, or index. If your plan offers balanced, asset allocation or target retirement funds, which are comprised of a mix of stock and bond investments, you will see two broad-based benchmarks, a stock index, and a bond index. Because they are made through a retirement plan, your investments in these funds are not subject to front-end or back-end loads, which are a form of sales commission charged at the time of purchase or sale.

The investment performance of each investment option is shown net of (or after) fees, while the benchmark or index investment performance is reported on a gross (before fees) basis. If the option has less than a 10-year history, the investment performance of both the investment option and the index are shown since inception, with the inception date shown after the investment option name. Returns of less than one year are not annualized.

Total Annual Operating Expenses of an investment option are the expenses you pay each year, which reduce the rate of return you earn. In some cases, a fund may waive or reimburse certain expenses. If a fund has waived expenses in the past year, you will see a different gross (G) (before waivers) and net (N) (after waivers) expense ratio. It is the net rate that is paid by an investor in the fund because of the waivers. Fund specific operating expense details are available at [transamerica.com/portal/uta](http://transamerica.com/portal/uta).

Shareholder-type fees, if any, are in addition to Total Annual Operating Expenses. Fees and expenses are only one of many factors to consider when you decide to invest in an investment option.

- The performance data quoted represents past performance. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options will fluctuate and you could lose money. Current performance may be lower or higher than the performance data quoted.
- The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's website for information on understanding your retirement plan fees at <https://www.dol.gov/agencies/ebsa/about-ebsa/our-activities/resource-center/publications/understanding-your-retirement-plan-fees>.
